DANIEL CONNORS,
CHARLES H. SLADE,

Selectmen of Walpole.

The bridge committee accepted the bid of Walsh's Holyoke Steam Boiler Works, of Holyoke, Mass., of $25,978.00 for the bridge superstructure, this being the lowest bid, and employed John J. Fitzgerald, of North Walpole, to rebuild the abutments and repair the piers.

The bridge has been erected according to the plans and specifications of the engineers, Messrs. J. R. Worcester & Co., Boston, Mass., and is complete with the exception of the gravel roadway and painting. The $24,000.00 bonds authorized at the special town meeting have been issued and sold. The total

cost of the work up to the present time is $32,222.98, of which amount Walpole's proportion is $21,481.99. The committee has reserved $1,000 of the amount due the steel contractor to cover the cost of roadway and painting, and has sufficient funds remaining to about take care of the engineer's fee and minor bills.

A detailed account of all receipts and payments will be given in next year's report on the completion of the bridge.

REPORT OF

COMMITTEE ON TOWN LIBRARY,

For the Year ending March 1, 1911.

The whole number of volumes now on the catalogue is 10,314, of which 221 have been added during the past year. Of this number 77 have been purchased with the annual appropriation, 3 have been purchased with the income of the Mrs. F. A. Carpenter fund, and the rest have been presented by various donors, the list of whom is as follows: Edward G. Acherson, Charles B. Bedlington, Mrs. Edward Bellows, Dr. T. Bellows Buffum, Miss Annie M. Buffum, Edward S. Crockett, L. B. Farrar, Mrs. F. M. Gilbert, Colgate Gilbert, Hon. Henry E. Howland, A. C. McClurg & Co., Miss Louise McLaren, Frederick Nichols, Harrison Gray Otis, Madison C. Peters, Miss Anna Chapin Ray, Hoxie Rogers, Mrs. Allen Russell Reading Room fund, Henry G. Wheelock. Many books presented last year by the General Society of Mechanics and Tradesmen were not catalogued till after March 1, 1910. The thanks of the town are due to all who have presented books.

The attendance at the main library for the year 1910 was 8,437.

The number of volumes taken out in 1910 was 11,182. divided as follows:

Main library,	9,029
North Walpole branch,	2,003
Drewsville branch,	150

The branch at North Walpole has been carried on as usual with Miss Anna C. Hartnett as librarian. The branch at Drewsville has been cared for by Mr. Henry E. Putnam. Both branches have been of great value in their localities.

The library has been kept open during the winter from 12 to 1 on Tuesdays and Thursdays when the village schools have been in session, and has been used freely by the pupils in the schools. This plan has made it more convenient for those living out of the village to take out books.

The reading room has been well patronized during the year. The usual variety of magazines has been purchased from the reading room fund, which is maintained by voluntary subscriptions. Henry G. Wheelock of Brookline, Mass.. has continued to present the "Century," "Strand," and "World's Work." Other donations have been "Literary Digest" from Mrs. J. G. Bellows, and "International Studio" from Miss Gertrude von Briesen of New York.

Some changes have been made in the library committee. The resignation of Mr. Thomas B. Peck has been accepted with deep regret. For nearly twenty years he has served as secretary, and for more than half that time as treasurer, and has given unsparingly of his time and interest. His faithful service, sound judgment, and watchful care have contributed in a large measure to the success of the library. Two vacancies on the committee have been filled by the appointment of Mrs. F. M. Gilbert and Arthur P. Davis. Miss Annie M. Buffum has been chosen secretary and treasurer.

The most pressing need now confronting the library is more room for the steadily increasing number of volumes. Many books have been sent to North Walpole. Some of the older and less used have been placed in the attic, and a new book case has been made for the reading room which gives temporary relief. However, the question of larger accommodations must soon be met either by an enlargement of the building, or by discarding the less valuable volumes and a rearrangement of the others.

An appropriation of $500 is recommended for the coming year.

REPORT OF

WALPOLE CEMETERY COMMITTEE,

For the Year ending March 1, 1911.

The usual care has been taken during the last year of the Village cemetery, and of the cemeteries on Carpenter's hill and in Drewsville. George H. Holden has had charge of the Village cemetery, E. C. Belden has cared for the Drewsville cemetery and the Lovell lots located there, and H. C. Towne has had charge of the cemetery on Carpenter's hill. Lots cared for by the income of funds and legacies have been kept mowed with a lawn mower and enriched in the fall.

During the year the town has received a legacy of $200 from the estate of Hubbard Newton for the care of the Hubbard Newton and Uriah Newton lots in the Village cemetery.

Seven lots have been given out during the year to heads of families applying for them.

It has not been necessary to use the appropriation of $150 made at the last town meeting, and this amount has not been drawn from the town treasurer.

For the care of the Towns and Ralph Watkins lots, the sum of $4.00 has been expended from the Hannah W. Towns fund. The income on this fund was $14.30 and the amount of the fund is now $418.10.

Your committee records with deep regret the resignation on account of ill health, of Thomas B. Peck, who has served on the cemetery committee for a period of nearly twenty years.

He has given most generously of his time and thought in the care and beautifying of the cemetery grounds. In the preparation of the present plan of the Village cemetery, and in the collection and recording of much valuable historic data in connection with soldiers, old residents and persons of note buried there, his work has been of great and lasting value to the town.

An appropriation of $100 is recommended to meet the expenses of the coming year.

Respectfully submitted,

GEORGE H. HOLDEN,

Cemetery Committee.

With the opening of the school year, last September, you had retained in your teaching force fifteen teachers from the previous year, and had engaged six new ones. There were

changes at Christian Hollow, No. 14, grades 3 and 4 at Walpole, and an entirely new faculty in the high school. In the place of Miss Bernice Butterfield, who had resigned during the summer, you had engaged Miss Alice Jackson as supervisor of music, and Miss Mary E. Baker as supervisor of drawing.

Although we were unfortunate in losing both teachers in the high school at the close of the last year, I feel that we have been fortunate in the selection of new ones and that the work has gone along with the least possible interruption. The curricula approved by the Department of Public Instruction for the year 1910-11, as given above, is practically the same as for last year. I see no occasion for change in the immediate future. At present the pupils are pursuing work as follows: 8 under curriculum 1, 8 under curriculum 2, 14 under curriculum 3, 1 special and 1 finishing the English course as approved three years ago. Thus it appears, as was indicated a year ago, that the domestic science course is the most popular course in the school. The agricultural course should be equally popular and doubtless would, had we boys in equal number with the girls in the school.

The domestic science room has been furnished with a large cabinet, built in, with chairs, a table, clock, and other equipment, free from expense to the district, by the generosity of some of our public spirited ladies. The general public interest in this line of our work would seem to insure its success. Pursuant with the recommendation in my last report, you have caused me to extend the domestic arts into the grades. Sewing is now being taught in grades 5 to 8 inclusive, and cooking in grades 7 and 8. Much interest is manifest and progress is being made.

A half acre of land adjoining the school grounds has been secured by lease for experimental and demonstration purposes. A large portion of this plot has been set out to trees, shrubs, and small fruits, where the proper care and cultivation of these fruits may be taught. Two square rods of the land have been devoted to the experiment of raising alfalfa in this climate. Thus far it has proven successful.

There has been no change in the corps of teachers at North Walpole for over a year and the work has gone steadily on under the immediate direction of Principal McNamara. The usual large per cent of the graduates from the ninth grade took and successfully passed the examinations for entrance to the Bellows Falls high school last June and are, I understand, doing very creditable work in that institution.

I am exceedingly sorry to have to report the resignation of Miss Ruth M. Richardson from the school at Christian Hollow. Miss Richardson is a young lady of thorough education, good professional training, and of lovely character. I feel that she would have made an excellent teacher for the school had she met with the encouragement that she was entitled to from the community.

In my last report I called your attention to the need of a moderate appropriation for general repairs. I wish to reiterate all I said at that time on that subject.

At the opening of the schools in September, I was able to place at your disposal three barges for the transportation of the school children. I believe these new vehicles have improved the service, at least, I have received fewer complaints than in the past. There is still an unexpended balance of $53 with one small bill yet unpaid. I believe that the district will find it advisable to keep these barges in repair and in readiness for use.

With hearty and sincere thanks to the board for their support and cooperation, to the teachers for their earnestness and loyalty, and to the public for their courtesy and hospitality, this report is respectfully submitted.
